

eHeadway Media

WHO WE ARE

We are Industry-leading Provider of Data Collection Products and Solutions.

Hand Held Terminals are widely deployed in logistics, transportation, healthcare, finance, retail, electric power, livestock, manufacturing, security, warehousing and large-scale exhibition.

We are comprise of fresh and energetic bloods, who are passionate for Internet of Things(IoT)

eHeadway Media

**KEEPS YOU ALWAYS
AHEAD**

We'll do everything to succeed you.

Specification

- Cortex A-53 1.3 GHz Quad Core
- Android 6.0
- 5.2 FHD 1920 x 1080 Display
- Battery Specification: 4000 mAh
- Barcode Scanning
- IP65/IP67

C70 Mobile Computer

C71 Mobile Computer

Specification

- Cortex A-53 2.5 GHz Quad Core
- Android 8.1
- 5.2 FHD 1920 x 1080 Display
- Battery Specification: 5000 mAh
- Built-in UHF RFID (Read Range upto 3m)
- Optional Fingerprint/IRIS
- Barcode Scanning
- IP65

C72 Mobile Computer

Specification

- Cortex A-53 2.5 GHz Quad Core
- Android 8.1
- 5.2 FHD 1920 x 1080 Display
- Battery Specification: 8000 mAh
- Pistol Grip
- Barcode Scanning
- IP65
- Support UHF RFID (Read Range upto 15m)

Specification

- Cortex A-53 1.4 GHz Quad Core
- Android 6.0
- 5.2 FHD 1920 x 1080 Display
- Battery Specification: 8000 mAh
- In-Built Thermal Printer
- Barcode Scanning
- IP65
- Support UHF RFID (Read Range upto 15m)

C75 Mobile Terminal with Printer

Specification

- Cortex A-53 1.3 GHz Quad Core
- Android 6.0
- 4" Display with Keypad (Numeric/Qwerty)
- Removable Battery (4000 mAh)
- Pistol Grip
- Support QC 3.0 18W Quick Charge (2.5h)
- Barcode Scanning
- Drop Specification: 6.56ft
- IP65

C6000 Mobile Computer

C66 Mobile Data Terminal

Specification

- Qualcomm Octa Core Processor
- Android 9.0
- 5.5 IPS Display
- Removable Battery (4300 mAh)
- Support QC 3.0 18W Quick Charge (2.5h)
- Support Trigger Handle (Extended Battery 5200 mAh)
- Support UHF RFID (Read Range upto 15m)
- Barcode Scanning
- Support RFID Sledge R6
- IP65

R6 UHF RFID Sledge Reader

Specification

- Support Smart Phones and HHT
- Superior UHF Reading
- Barcode Scanning
- Battery Specification: 5200 mAh
- Bluetooth
- SDK for Android/loS

R2 UHF RFID Swing Reader

Specification

- Support all Smart Phones and HHT by Bluetooth
- Superior UHF Reading
- Barcode Scanning
- Battery Specification: 5200 mAh
- Bluetooth
- SDK for Android/IOS

P80 Industrial Tablet

Specification

- Strong and Powerful Expansibility
- Android 9.0
- 8" IPS LTPS 1920*2000 / IPS LTPS 1280*800
- Support RFID UHF
- Barcode Scanning
- Fingerprint: TCS1, TCS2, Optical
- Battery Specification: 5200 mAh
- IP65

UR4 Fixed UHF Reader

Specification

- Stylish Design
- Impinj Indy R2000 Chip
- DC 12V Power Supply
- Support RS232/RJ45
- Compatible with various types of Antennas

URA8 Fixed UHF Reader

Specification

- Stylish Design
- Impinj Indy R2000 Chip
- 4G/Wifi
- DC /POE Power Supply
- Support RS232/RJ45/HDMI
- Compatible with various types of Antennas

INDUSTRIES

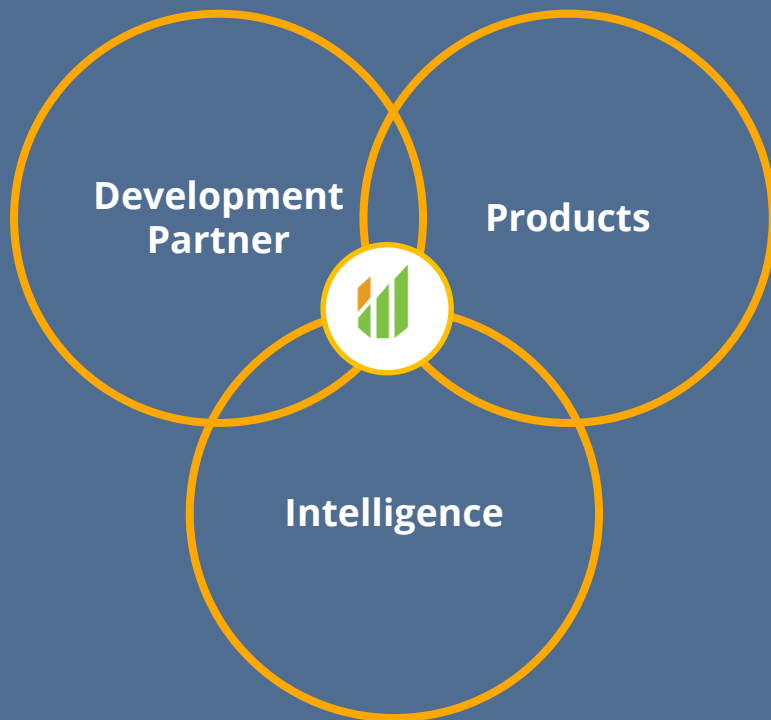

We serve to different industries. We are happy to say that our clients are happy from our products. Some are the industries listed below -

- Retail
- Logistics
- Health Care
- Warehousing
- Finance
- Fleet management
- Energy
- Livestock
- Asset Management

EXPERT ZONE

We provides better
solutions by
Planning
&
Managing
ideal Products &
Software developments
